CABERNETSAUVIGNON 2022

VINTAGE CONDITIONS

Growing conditions for vintage 2022 started with steady rainfall from June to August allowing the canopies to flourish. With a la Nina weather pattern continuing over the growing season, Summer and Autumn temperatures were mild with minimal rainfall allowing the vines to ripen slowly and evenly. This resulted in full flavour development and the ability to bring the grapes into the winery at their optimum ripeness.

TERROIR/SITE

Cabernet Sauvignon vines flourish at our vineyard estates beside the Murray River where long days full of sunshine, clean water and careful site selection allows us to produce this sophisticated Cabernet Sauvignon.

WINEMAKING/VITICULTURE

Our philosophy is to take care of the little things so you don't have to. This means minimal intervention between growing the grapes and pouring the wine into your glass.

TASTING COMMENT

A medium bodied red wine displaying flavours of ripe blackcurrants, black forest cake and maraschino cherries. Full flavoured in the mouth, the wine lingers with plump ripe cherries and finishes with elegant silky tannins.
